VÍCTOR VERDÚ SAMPER

B.Sc. Biology Student — Data Annotation & Curation — Bilingual

victor.versam@gmail.com +34 601 297 106 Madrid, Spain

PROFILE

Final-year academic student at Universidad Autónoma de Madrid with a strong analytical background in computational research, data curation, and structured documentation. Highly proficient in both Spanish and English, with international professional experience in the United Kingdom. Adept at processing complex information, strictly adhering to formatting guidelines, and ensuring high-quality outputs. Seeking to leverage strong linguistic comprehension, meticulous attention to detail, and data labeling skills to support audio transcription and annotation projects.

EDUCATION

Bachelor's Degree in Biology
Universidad Autónoma de Madrid
2021 – Present — Madrid, Spain

- Academic training focused on rigorous documentation, data interpretation, and technical writing.

High School Diploma – Health Sciences
Santa María de la Paz
2019 – 2021 — Murcia, Spain

PROFESSIONAL & RESEARCH EXPERIENCE

Bachelor's Thesis Researcher
Hospital Universitario 12 de Octubre
Mar 2026 – Present — Madrid, Spain

- Managing and curating extensive datasets, requiring extreme precision, data structuring, and attention to detail.
- Identifying, labeling, and categorizing variables to be used in data training and machine learning models, directly transferable to text and audio annotation tasks.

Genetic Diagnostic Intern
Hospital Universitario 12 de Octubre
Nov 2025 – Mar 2026 — Madrid, Spain

- Followed exact and meticulous protocols, ensuring zero-error tolerance in information processing.
- Analysed, interpreted, and transcribed complex sequencing data into highly structured analytical reports.

Computational Neuroscience Research Intern
Heriot-Watt University
Jul 2025 – Sep 2025 — Edinburgh, United Kingdom

- Operated in a fully English-speaking academic environment, demonstrating high auditory and written comprehension.
- Processed, categorized, and annotated complex biomedical datasets using computational techniques.
- Ensured complete accuracy and adherence to strict project guidelines for data presentation and scientific publication.

TECHNICAL SKILLS

- **Core Competencies:** Data Annotation, Information Structuring, Text Formatting, Quality Assurance, Proofreading, Strict Guideline Adherence.
- **Software & Tools:** LaTeX, VS Code, Python, R, Microsoft Excel.

LANGUAGES

- **Spanish:** Native (Target language for transcription accuracy)
- **English:** Full Professional Proficiency (Strong written and listening comprehension)
- **Catalan/Valencian:** Native Proficiency

SOFT SKILLS

- High attention to detail and ability to maintain concentration and accuracy over extended periods.
- Independent working capacity, self-motivation, and excellent time management for flexible shifts.
- Analytical mindset with a strong problem-solving orientation.
